About the Study Abroad –Free Mover Program

The Study Abroad Program offers international undergraduate and graduate students the opportunity to live and study in France while advancing their academic journey.

Program Highlights

- Wide choice of electives across business and management fields.

- Courses taught in English

- Flexible length: 1 semester or full academic year.

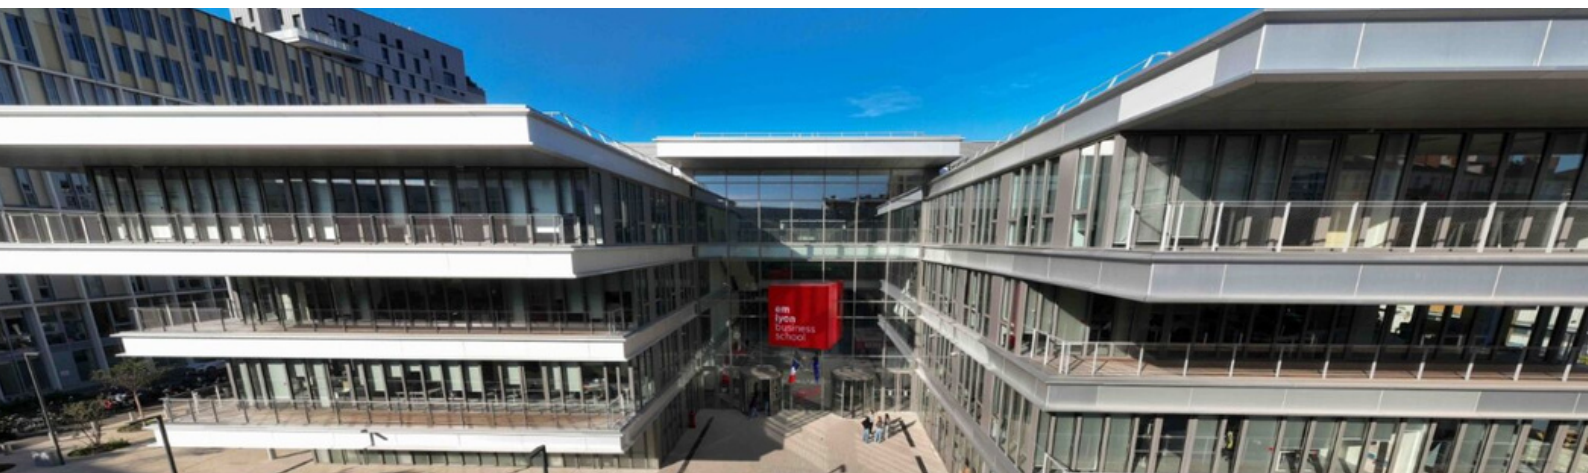

- Earn ECTS credits transferable to your home degree.

- Modern city-center campus in vibrant Lyon.

- Student associations, networking, and career events.

Free Mover is a memory that lasts a lifetime. At emlyon, I was able to do more than further my business education. By collaborating with students from across the globe – America, Hong Kong, Canada, Morocco, Italy, Guatemala, Russia – I learned to see the world differently. I made new friends that I still keep in touch with today. And I was able to experience so much of the beauty, history and cultural value of the city of Lyon. It was truly unforgettable!
